

INTERNATIONAL COMMITTEE FOR
NON-DESTRUCTIVE TESTING

The World Organisation for NDT

Certificate of Registration of
The Ukrainian Scientific Research Institute for NDT
(UkrSRINDT)

The above named NDT Personnel Certification Body (PCB) has satisfied all of the eligibility criteria for registration under the ICNDT Multilateral Recognition Agreement (MRA) for PCBs, including having undertaken to abide by the ICNDT Code of Practice, and has been nominated and accepted for registration within the terms of the Agreement signed by those Members of the International Committee for NDT (ICNDT) listed in Schedule 1 to the Agreement.

The Personnel Certification Body may therefore announce that holders of its certificates issued under these arrangements are certificated by a PCB which is registered by the ICNDT as meeting the requirements of the applicable Standards and Technical Documents referenced in the schedule of conformity (registration number 60012 of 2nd June 2011) issued by the National Accreditation Agency of Ukraine.

A copy of the MRA, including a list of the signatories and a schedule of those certification satisfying the criteria for registration, is available at www.icndt.org and from all parties that are signatory to the Agreement.

All signatories to the Agreement, and all PCB registered under the Agreement, are bound to promote the recognition and acceptance of the certificates issued by all other ICNDT Registered NDT Personnel Certification Bodies.

Signed for the ICNDT

(Dr J M Farley, Chairman)

Initial registration date: 5th July 2013

This certificate number: 001

Issue date: 18th July 2013

Expiry date: 13th January 2014

OP19 Appendix 5 – Certificate of MRA Registration

Objectives

The objectives of this ICNDT Multilateral Agreement on Recognition of NDT Personnel Certification are to harmonise and achieve widespread recognition of NDT personnel certification issued by the Personnel Certification Bodies (PCB) registered under the ICNDT MRA.

The MRA is administered as a series of signed agreements under the jurisdiction of Austrian law.

Obligations

The signatories to the ICNDT MRA are the full and associate members of the ICNDT that choose to support the agreement. Signatories are not, of necessity, owners or operators of NDT personnel certification schemes.

Each Party that is signatory to the ICNDT MRA will undertake to:

- pursue the objectives of the ICNDT MRA;
- promote the recognition and acceptance of the certification issued by PCB registered under the ICNDT MRA;
- assist other interested parties by giving a clear overview of the NDT personnel certification activities in its own country;
- provide other parties with non-confidential information on the certification scheme(s) operated by PCB registered under this ICNDT MRA, and
- consult with and seek membership of the scheme committees and technical committees of NDT PCB in its own country.

Registration

To gain registration under the ICNDT MRA, PCB shall be:

- proposed for registration by a signatory to this ICNDT MRA, and
- in compliance with EN ISO 9712, and
- accredited by a body recognised by the ICNDT, or
- assessed by the ICNDT to confirm conformance with applicable standards (ICNDT OP20 refers).

Those ICNDT members that have *signed* the MRA have thereby *agreed to recognise and promote acceptance in their own country* those certificates issued by the PCB registered by ICNDT in accordance with the Agreement. Signatories will be listed in a document published at www.icndt.org

The PCB which have been accepted for registration by the ICNDT under the MRA, and thus are recognised by all of the signatories to the Agreement, will be listed and published at www.icndt.org

NDT PCB failing to fulfil the conditions for continued registration shall be de-registered on the authority of the ICNDT ICEC.

ICNDT accepts no liability for the use of certification awarded by the PCB. In accordance with EN ISO 9712 the responsibility for the quality of NDT rests with the employer of the certificated person.
